

## Our Mission

The 2020s are starting off to be one of the most disruptive decades ever. The time is now to elevate new leaders who will harness this disruption to benefit humanity. To do this, we've created The Future Leaders Academy.

**think2perform RESEARCH INSTITUTE** advances moral, purposeful and emotionally intelligent leadership. Since 2016, we've done that by funding research on leadership in those areas and freely sharing what we've learned with leaders around the world. Funding leadership research is core to our mission.

The **Future Leaders Academy** builds on our strong foundation in leadership research to promote leadership capacity building among promising young people. The Future Leaders Academy is especially intended for youth from low income and underrepresented communities.

## Future Leaders Academy

**Dates:** January 2023 - June 2024

The **Future Leaders Academy** prepares high-achieving high school juniors and seniors, as well as college freshmen and sophomores, to become exceptional leaders in their homes, communities, schools and workplaces.

The program pairs students with more experienced leaders as they complete a five-month, virtual leadership development workshop where **Future Leaders** learn about topics such as:

- Defining Leadership
- Learning and Leveraging Emotional Intelligence
- Is Your Calling Calling?
- Moral Leadership
- Five Levels of Leadership

After the leadership workshop is complete, **Future Leaders** and **Mentors** will come together for a one-day, in-person mentorship kick-off celebration in Minneapolis.

At the celebration, each **Future Leader and Mentor team** will showcase the goals they've developed for a yearlong mentoring relationship.

- Every student who completes the program will receive a **certificate of completion** acknowledging they are a think2perform RESEARCH INSTITUTE Future Leader, a credential they can highlight on job and school applications.
- This program is provided at **no cost** to Future Leaders, their families or educational institutions.
