

## Our Mission

**think2perform RESEARCH INSTITUTE** advances moral, purposeful and emotionally intelligent leadership to inspire and engage current and emerging leaders. Since 2016, we've done that by funding research on leadership and freely sharing what we've learned with leaders around the world. Funding leadership research is core to our mission.

The 18-month **Future Leaders Academy** builds on our strong foundation in leadership research to promote leadership skills and goal achievement among youth in the state of Minnesota. Young leaders from low income and underrepresented communities are encouraged to apply.

- We provide intentional support to Future Leaders and Mentors throughout the Mentorship.
- Every student who completes the program receives a **certificate of completion** acknowledging they are a think2perform RESEARCH INSTITUTE Future Leader, a credential they can highlight on job/school applications.
- This program is provided at **no cost** to Future Leaders, their families or educational institutions.
